

January PBIS Coach Connection - NRIP

This newsletter is sent to current PBIS coaches. Please pass on to administrators and team members as needed.

PBIS Quote of the Month

*“When a student makes a poor choice (which we all do),
it’s the conversation, not the consequence that makes all the difference.”*

Justin Tarte

Building Assets, Reducing Risks (BARR)

I recently learned about this intervention being implemented in 9 MN schools. The school I learned it from is using this with their 9th graders. Learn more [here](#)

7 Keys to Real World Implementation (from pbisapps.org)

Whenever we talk about PBIS, we talk about implementation. We can’t talk about implementation without talking about fidelity. So, what is implementation? How do we know when we’re doing it right? How can we do it better? [This](#) is the first in a series exploring the basics of implementation and how to assess your own to get the outcomes you want to see.

The Application for Cohort 15 is out

Teams can now apply for Cohort 15 School-Wide PBIS training (Summer 2019-Spring 2021) on our “Application for School Training” on the [pbismn.org](#). Applications are due by February 11, 2019.

Upcoming NRIP Trainings

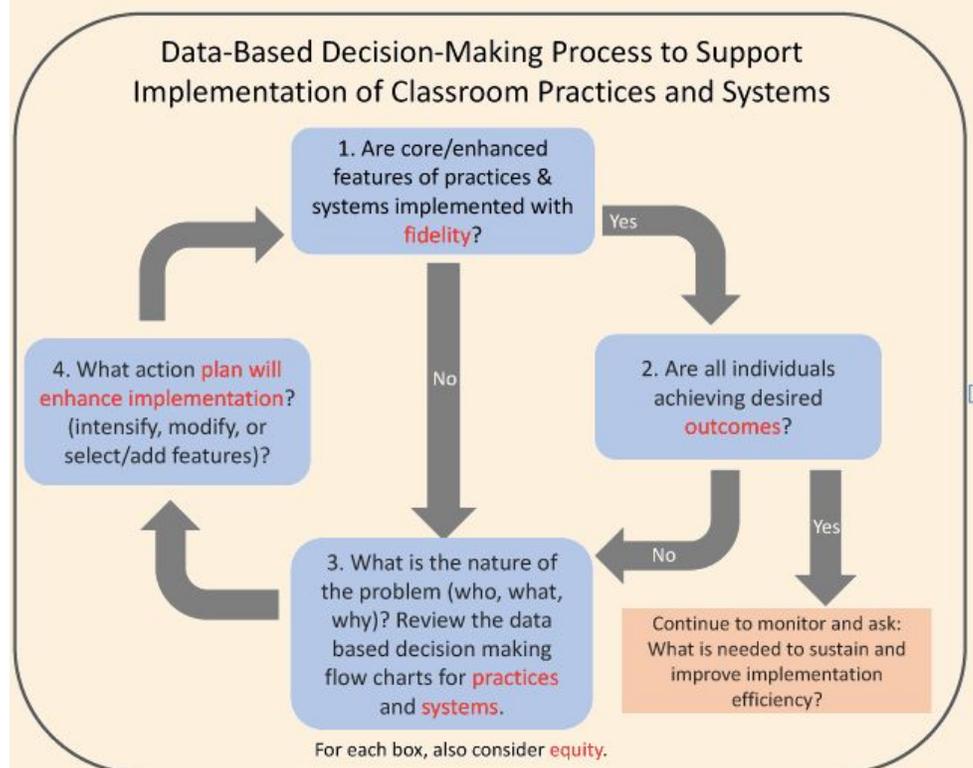

[PBIS and SEL](#) in the north. We are starting to plan a PBIS and SEL training - tentative timeline is end of March or early April. More details to come!

[PBIS and Google](#) - face to face or virtual option. Mid to late April. More details to come.

Data Tip(s):

For more information on Classroom PBIS Data, click [here](#):

To assist educators and school teams in effectively using data to support decision-making, we propose a general process (see Figure) that can be applied at the classroom, school, or district level. Data-based decision-making is a cycle that can be used for prevention and may be entered at any “step,” to develop a complete, measurable action plan.

Upcoming Minnesota Webinars
